LUX OPSIS ALUM

PROJECT SUMMARY:

- Design, create and install a video projection installation into a building space that is based upon an issue that affects the designer directly.
- The Advanced Diploma of Screen and Media students from Swinburne University of Technology at the Wantirna campus are holding a one-time exhibition to showcase their final work. The theme of this exhibition is personal projection art.

OBJECTIVES:

- The main aim is to work on 8mm tape video footage that has deteriorated over an extended period of time and create a multimedia piece, which compares with the audiences own interpretation of memorised events.

PROJECT SPONSORSHIP PLANNING:

- Sponsorship is required for the catering needs of the exhibition for the attending public.
- We need to achieve an individual cash target of \$50 from sponsor (s). This is for the purpose of catering the exhibition opening. It was envisaged that the unfunded component of hosting the projection event could be managed with a budget of \$350.
- The Advanced Diploma of Screen and Media at Swinburne Wantirna, is an annual exhibition event to highlight and publicly display individual students final multimedia work.

BUDGET:

- The exhibition budget of \$350 is divided between seven students encompassed in this year's exhibition who are requesting from individual sponsors a nominal target amount of \$50 or upwards to the target amount.
- Individual amounts of \$50 each will be combined to cover the costs of Food -
 - 24x large Pizzas @ \$5 = \$120
